Current Mark Twain Bibliography

*Current Mark Twain Bibliography* is a means of giving notice of what’s new in Mark Twain scholarship. Where annotations are used, they are in most cases descriptive blurbs provided by publishers (or in some cases, by authors) with value judgments edited out. If you have recently published something that you would like to have included in this list, send it to me by e-mail (leonardj@citadel.edu), or by other means.

**Books**

by the “Sagebrush Bohemians,” including Mark Twain, Joe Goodman, and Dan De Quille.

Hoffman, Donald. *Mark Twain in Paradise: His Voyages to Bermuda*. U of Missouri P, 2006. 185 pages. This book is the first comprehensive study of Clemens’s love affair with Bermuda, where he often vacationed. Donald Hoffman has culled and clarified passages from Mark Twain’s travel pieces, letters, and unpublished autobiographical dictation—with cross-references to his fiction and infrequently cited short pieces—to create a little-known view of the author at leisure on his fantasy island.

Ishihara, Tsuyoshi. *Mark Twain in Japan: The Cultural Reception of an American Icon*. U of Missouri P, 2005. 178 pages. Tsuyoshi Ishihara considers Japanese translations of Mark Twain’s books, which have had a significant impact on the formation of the public image of Twain and his works in Japan; discusses the ways in which traditional and contemporary Japanese culture have transformed Twain’s originals and shaped Japanese adaptations; and uses the example of Twain in Japan as a vehicle to delve into the complexity of American cultural influences on other countries.

Locher, Albert. *Mark Twain entdeckt Europa: Samuel L. Clemens in den Alten Welt (1867 und 1878/79) [Mark Twain Discovers Europe: Samuel L. Clemens in the Old World (1867 and 1878-79)].* 227 pages. Unterneh (Switzerland), 2005. Text is in German. All of Mark Twain’s European travels (except England) described, with many up-to-now unpublished documents, bibliographical notes, anecdotes, and remarks on his life and work.

Mort, Terry. *Mark Twain on Travel*. Lyons Press, 2005. 304 pages. A collection of excerpts from Mark Twain’s travel books, arranged geographically, beginning at the Mississippi River and proceeding westward through Nevada, the Sandwich Islands, and on around the world.

His Voyages to Bermuda

Donald Hoffmann

“A superior travel book... Bermuda (or at least Mark Twain’s Bermuda) became distinct and detailed to me for the first time.
... Twainians will want to read it and will talk up its virtues.”
—Louis Budd, author of Mark Twain: Social Philosopher

This book is the first comprehensive study of Samuel Clemens’s love affair with Bermuda, a vivid depiction of a celebrated author on recurring vacations. Donald Hoffmann has culled and clarified passages from Mark Twain’s travel pieces, letters, and unpublished autobiographical dictation—with cross-references to his fiction and infrequently cited short pieces—to create a little-known view of the author at leisure on his fantasy island. He sheds light on both Clemens’s complex character and the topography and history of the islands. Hoffmann has plumbed the voluminous Mark Twain scholarship and Bermudian archives to faithfully re-create turn-of-the-century Bermuda, supplying historical and biographical background to give his narrative texture and depth. He offers insight into Bermuda’s natural environment, traditional stone houses, and romantic past, and he presents dozens of illustrations, both vintage and new, showing that much of what Mark Twain described can still be seen today. 200 pages, 60 illustrations, $29.95

The Sagebrush Anthology
Literature from the Silver Age of the Old West

Edited by Lawrence I. Berkove

The Sagebrush Anthology enlarges Mark Twain’s circle to encompass the Sagebrush Bohemians through a compelling blend of humorous and serious fiction, memoir, nonfiction, letters, and poetry. These selections convey the experiences shaped by Nevada’s rough-and-tumble culture, abounding in wit and humor—with a fondness for literary hoaxes—that were the last major formative influence on Twain. The anthology contains sixty-eight selections—seven by Twain—representing outstanding work by accomplished Sagebrushers Dan De Quille, Sam Davis, Joe Goodman, and Rollin Daggett, plus pieces by lesser-known writers such as Arthur McEwen, Alf Doten, and Fred Hart. Berkove’s introduction recounts the history of the school and identifies and analyzes its main thematic and stylistic characteristics. He shows that Sagebrush literature records and reflects the collision of the last generation of frontiersmen with the new culture of technology, industry, and big business—men of talent, imagination, and integrity driven to work out distinctive ways of coping with an unresponsive system of justice, an economy tilted toward the rich, and a society that impinged on individual liberties. June, 368 pages, illustrations, $39.95 cloth, $19.95 paper
